Hendry, William Belfry = Associate in gynaecology =

Nov. - Dec 1919

(002)

November 19th, 1919

Colonel H. F. Hendry,
Kaiser Road,
Toronto.

Dear Colonel Hendry:

Many thanks for your report on No.4 Canadian General Hospital. It is very clear and I will present it to a meeting of the Board and have it finally disposed of very shortly after the return of Dean Clarke.

I note that you wish to have $200 given to the unit for the purpose of maintaining its existence. I presume this would be made payable to yourself.

With kind regards, I am,
Yours sincerely,

President.

December 18th, 1919

Professor W. B. Hendry,
Walmer Road, Toronto.

Dear Professor Hendry:

At a meeting of the Committee on No. 4 Canadian General Hospital held this morning your report was considered and adopted. The members of the Committee were very favourably impressed with your report and congratulate you on the work done by the Hospital when it was under your charge. They are transmitting the report to the Board of Governors and endorsing your recommendations.

Before doing so, however, they asked me to find from you whether or not there were any vouchers and whether there was any audit made. The other accounts were audited.

Also, before money could be paid over on behalf of No. 4 Canadian General Hospital the Committee were of opinion that you should create an organisation of former members of the Hospital with a President, Secretary and Treasurer, or such responsible officials as might hold any moneys that may be voted to them in accordance with your request.

With kind regards, I am,

Yours sincerely,

President.

December 17th, 1919

Professor A. B. Hendry,
112 College Street,
Toronto.

Dear Professor Hendry:

Miss Patterson asked me whether I thought you ought to be invited to the meeting of the Committee last Saturday, but I told her there was no reason for troubling you in the matter that your report was so clear and so admirably put that as far as I could judge there were no matters on which the Committee would need your advice, and its duty simply was to accept your report and pass on its recommendations to the Board of Governors. I am confident that every member of the Committee would have been very glad indeed to have had you with us, and looking back over it probably that would have been the most convenient method of acting.

There was an outstanding bill, I think it was for about $79 that the Committee asked Dr. Clarke to pay with some money that he had left. I suppose this is the same one as Baird and Patlocks.

I will also report to the Board the organisation for the Hospital.

With kind regards, I am,
Yours sincerely,

President.
